## IMPROVING **PERFORMANCE** & **PRODUCTIVITY**

The Profitability Enhancement Playbook - Part Two

# HIGHLIGHTS 🟶

#### **PERFORMANCE ENHANCEMENT**

Clear Point is a performance enhancement program that focuses on non-interest expense, performance benchmarking, operational efficiency, and process improvement and design. As part of the engagement, 390 process areas will be examined across all departments and functional areas, including front-office and back-office. Our program is customized for your organization, business model and corporate culture. The deliverable includes a comprehensive report of analyses and findings with specific recommendations for your operations, staffing and processes, tailored to the strategy and objectives of your organization, that will enable your financial institution to improve its overall productivity and performance.

#### Organization-Wide | All Business Units

Operational Efficiency & Productivity

Process Design & Improvement

Technology & Channel Utilization

Organizational Structure & Strategy

Personal Alignment & Optimization

## HIGHLIGHTS 🏶

#### **BUSINESS INTELLIGENCE**

Clear Point is a business intelligence solution that includes an organization-wide study and peer group analysis to compare your organization with a select group of similar financial institutions. This assessment includes a review of more than 240 benchmark metrics and 150+ best practices leveraged by industry leaders. This engagement is designed to provide actionable intelligence and invaluable insight into the effectiveness, efficiency and overall performance of your various functional areas, with two primary components: a Benchmark Assessment and a Process Assessment. Strengths, weaknesses and efficiency opportunities for all areas of operations and primary processes will be evaluated.

Benchmark Assessment **240+ Benchmarks** 

Process Assessment **150+ Best Practices** 

Benchmark & Performance Metrics

Peer Group Analysis & Comparisons

Technology & Channel Utilization

Process Mining & Analysis

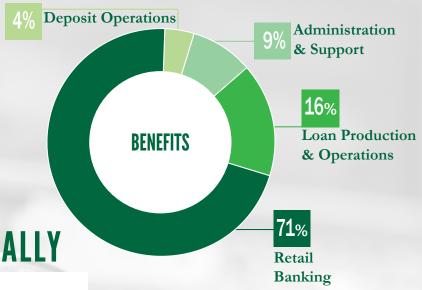

Industry Data & Best Practices
